Seeking means to have a goal;
but finding means to be free.

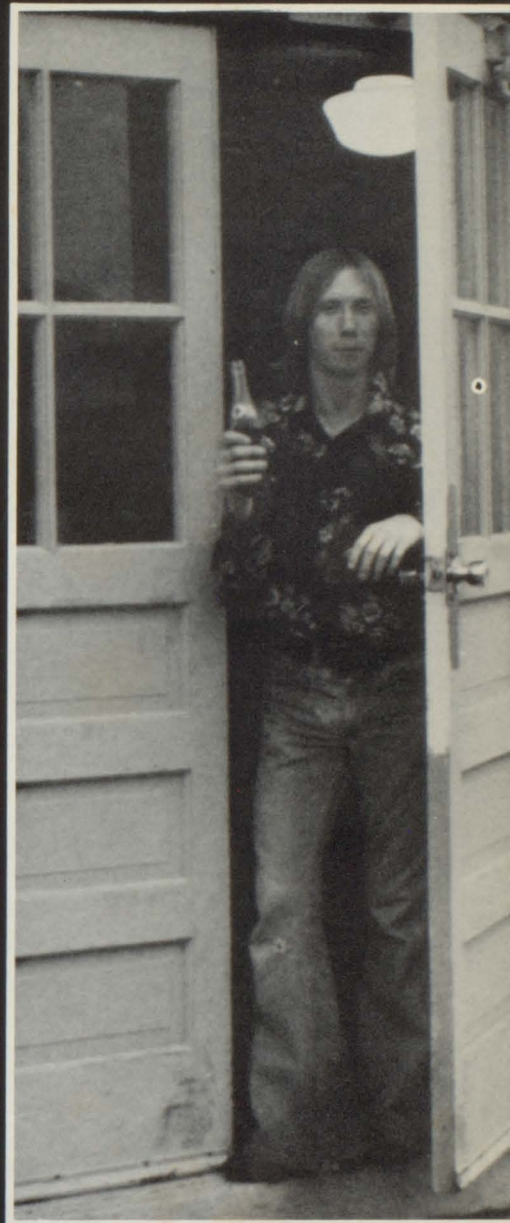

SIDDHARTHA HERMANN HESSE

I am not going anywhere.
I am on the way.
I am making a pilgrimage.

SIDDHARTHA HERMANN HESSE

Each time that I think I have the answer, I discover that there is still more to find. I seem to be an unfolding, a continuous process of unfolding that had no beginning and has no end.

The Journey In is the beautiful and the ugly, the painful and the proud unfolding of who I am. That fact is not profound. It is simply true.

FRED BENTON HOLMBERG

Keep on straight ahead
In the new direction you've found.
Fight off despair and try to be happy.
Pace yourself fast enough
So that whatever you've left behind
Cannot catch up with you.
Above all, don't look back
Until you know you're far enough away
So that what you see won't hurt you.

When you get out of high school, you're going to have a lot of questions.

The New Navy's got some answers.

Like getting an interesting job. If you can qualify, you can choose job training in over 300 exciting jobs. Like computer technology and electronics. Like equipment operation and aviation mechanics. It's some of the best training in the world. It's the kind of accomplishment that can help you go places inside the Navy and out.

But the Navy's got more answers than just jobs. There's travel, great starting pay, a new three-year enlistment, a join-now, report-up-to-six-months-later plan, and a Naval Reserve two-year active duty plan.

**Find out how you can be

What Fifty Said
by Robert Frost

When I was young my teachers were the old.
I gave up fire for form till I was cold.
I suffered like a metal being cast.
I went to school to age to learn the past.

Now, I am old my teachers are the young.
What can't be moulded must be cracked and sprung.
I strain at lessons fit to start a suture.
I go to school to youth to learn the future.
